

PROJECT GOOD MORNING

Volunteer Agreement and Consent Form

1. The volunteer hereby agrees to place the calls assigned to him or her on each day for which the volunteer is scheduled. Should the volunteer be unable for whatever reason to engage in his or her assignment on the scheduled day, he or she will let the Director of Volunteers know at least 24 hours before the scheduled date that “the Project” will need to find someone else to substitute for the scheduled volunteer.
2. The volunteer hereby (a) agrees not to give out their personal contact information (including phone numbers, email addresses, and physical address) to clients, or (b) to provide similar information about the clients of “the project” to anyone or otherwise breach the confidentiality of the “project” relationship, and (c) not to contact “project” clients at any time or for any reason other than for the volunteer morning calls.
3. If the volunteer knows the client, or has other conflicts of interest that he or she believes might make the volunteer-client relationship uncomfortable or inappropriate for volunteer or client, they will immediately contact the Director of Volunteers to discuss and disclose the perceived conflict. If the director agrees that the volunteer-client relationship would indeed be inappropriate, the Director will make a client reassignment.
4. The volunteer understands that, if he or she incurs liability to a client for any actions taken outside the scope of the service he or she has agreed to perform for Project Good Morning and its clients, such liability is in the volunteer alone. The volunteer agrees to hold the Project harmless from liability, and fully accepts sole responsibility for any such actions.
5. To protect clients, by signing this agreement the volunteer hereby agrees to permit the Project to request of the police a criminal background check of the volunteer.
